OUTLINES.

A negro who is arrested in Philadelphio on the charge of larceny, made by his sweetheart, is charged by the latter as being wanted in Plymouth, N. C., for a murder committed several years ago——One more victim of the recent race riot at Springfield, Ill., has died, and another, a deputy clerk of the court is at the point of death. The latter's friends notify the authorities that in the case of his death it will be avenged on the negroes. While quiet now prevails, there is still uneasiness as to the outcome. The police find it hard to secure evidence among the citizens against those who attacked the negro grocers. Many arrests have been made and there is much evidence of looting of stores——The Democratic campaign committee will call on every Democratic and Independent newspaper editor in the country to raise funds for the Bryan campaign ——At Milan Cardinal Gibbons is interviewed and expresses much pleasure at his reception at the Vatican. He says there is probability of one more American cardinal and says he would like to see more than one appointed——The shooting of William E. Annis by Captain Peter C. Haines, Jr., of the United States army, is one of the sensations of the day. The case seems to be clouded in great mystery. The two men and their wives seem to have been intimate friends——Judge Taft's speeches during the campaign will be delivered with reference to the interest and character of particular delegations whom he will address ——William J. Bryan yesterday emphatically denied a story printed in Pittsburg, saying that he had "sold out" to the Kerr faction of the Pennsylvania Democratic party to accomplish the defeat of Col. James M. Duffy——As the result of the explosion of a boiler at William Reid's saw mill, in Caldwell county, yesterday, two men were killed and two seriously injured——The National Editorial Association convened in St. Paul yesterday in its 23rd annual session. The session was called to order by President H. B. Varner, of Lexington, N. C.——New York markets: Flour quiet and barely steady. Wheat, spot easy, No. 2, 99 to 99 1-4 elevator. Options 1 1-4 to 1 3-4c below Saturday. Corn easy, No. 2, 89 nominal, options 1-8 to 3-8c net lower. Oats easy, mixed 51. Rosin quiet. Turpentine 39. Money on call easy 1 to 1 1-4 per cent, ruling rate 1, last loan 1 1-4, closing bid 1, offered at 1. Spot cotton closed quiet, middling uplands 10.50, middling gulf 10.75.

It amuses the Durham Herald to see so many of the candidates taking their part in the contests so seriously. Well it is funny.

Why are the churches down on Speaker Cannon? Didn't he tell a preacher not long ago that he never uttered an oath in his life?

Mr. Bryan's campaign this time is going to be a very different one from what the other two have been. He has the party more solidly united than in either of his other campaigns.

Mr. Bryan, believing Prohibition to be a moral issue, and not a political one, refuses to mix it with his Democracy, and for so doing he ought to be thought the more of by all true Democrats.

If the Independence party had known before its convention that Hisgen was a noted fiddle player most likely Bob Taylor would have defeated Colonel John Temple Graves for second place on the ticket.

Under the plan to "hold the negro vote and save the party," it was deemed necessary for Roosevelt to take from Taft and assume for himself all responsibility for the administration's course in the Brownsville affair.

The marine hospital surgeons in San Francisco find that a number of rates in that city are afflicted with leprosy, but they do not say whether or not this fact is likely to spread the disease among the Chinese residents of the locality.

Atlanta's "nearbear" seems to be getting too near to the old kind to suit the authorities of that city. Six of its manufacturers there have been indicted for selling that temperance drink which contained more than four per cent of alcohol.

Houston people are rejoicing over the fact that vessels drawing eighteen and a half feet of water can reach that city's water-front from the Gulf. Wilmington will show them how to jubilate when our city gets her 30-foot channel to the sea, which she will have in a few years.

If it had been Bryan or Taft instead of the Prohibition candidate for President who, since this nomination, had come near being drowned and then been knocked on the head with a brick in a city street row some people would be speculating as to what would have been the consequences politically had either accident proved fatal.

WANTED FOR MURDER

Charles Ratcliffe Arrested in Philadelphia and Will Be Brought Back Here.

AT LIBERTY THREE YEARS

Chief of Police Williams Notified of the Slayer of Luther Washington. Cold-Blooded Murder. Admits Crime.

Charles Ratcliffe, colored, who shot and killed Luther Washington, colored, in Brooklyn, about three years ago, has been arrested in Philadelphia and will be brought back here to answer to the charge of murder as soon as the necessary papers can be secured. Application will probably be made today to Governor Glenn for requisition papers.

The first information of the whereabouts of Ratcliffe was received here Saturday night in a telegram to Chief of Police Williams from T. O'Leary, Assistant Superintendent of Police, of Philadelphia. The telegram read: "Do you want Charles Riley, alias Miller, colored man, for murder? If so wire." The chief had no recollection of a negro by that name being wanted here. He searched the records in the court house and no such names as given in the telegram could be found, but Chief Williams was quite sure that the negro was Charles Ratcliffe, who stands indicted on the charge of murder. He wired the Philadelphia authorities that Charles Ratcliffe was wanted and gave a description of the negro.

Yesterday morning Chief Williams received another telegram, reading as follows: "Prepare papers and send officer as soon as possible for Ratcliffe." There is no doubt that the negro held in Philadelphia is Charles Ratcliffe wanted here.

It will be recalled that Washington, who was employed in a negro pool room, corner of Sixth and Brunswick streets, and Ratcliffe, had some words in the pool room one night, and that Ratcliffe went home and got his shot gun and returned. He stationed himself behind a tree in front of the pool room and waited until Washington crossed the doorway, then he fired on him. Washington ran out of the store and down the street, going at a very rapid rate for some distance when he fell head foremost to the ground with such force a number of his teeth were knocked out.

Ratcliffe fled immediately and nothing had been heard of him until his arrest in Philadelphia.

It seems from the press dispatches sent out last night that Ratcliffe's identity was revealed to the Philadelphia officers by his sweetheart, who told the officers that the handsome sum of $3,000 had been offered for his arrest. No such reward has been offered for him, however, and it is not definitely known yet whether any reward at all was offered. The following is the story sent out by the Associated Press regarding the arrest of Ratcliffe:

Philadelphia, Aug. 17.—Charles W. Radcliffe, a negro said to be wanted in North Carolina for the murder of a white man, was held here today to await requisition. The negro was arrested on the charge of larceny made by his sweetheart, a negress with whom he was boarding in this city. At the hearing the girl, angered by the perfidy of the man she had harbored, told the police the circumstances of the Southern murder. She said a reward of $3,000 was offered for Radcliffe's capture. Detectives questioned the negro and he admitted, they say, that he shot and killed a white man at Christmas time last year in Plymouth, N. C. He said the shooting was done in self defense.

Raleigh, N. C., Aug. 17.—No requisition has been asked of Governor Glenn for the negro Radcliffe, held in Philadelphia, alleged to have murdered a man at Plymouth.

Governor Glenn has offered no reward of $3,000 for any negro, but it is impossible tonight to get access to reward books in the Capitol to see if any reward at all has been offered. Neither the Governor nor his private secretary remember any such case.

DREW PISTOL ON NEGRO

Pembroke Deputy Sheriff, Who Accompanied Negro Excursionists, Spends Night in Prison—Trial Today.

Charged with assault with a deadly weapon upon Dennis Murphy, colored, in that he drew his pistol on the negro, a white man who gives his name as A. G. James and represents himself to be a deputy sheriff from Pembroke, was arrested on Campbell street, between Eighth and Ninth streets, yesterday afternoon and in default of bond spent the night in the city prison awaiting a hearing before the mayor today.

James arrived here yesterday morning on the colored excursion and it is thought that he came as a special officer to keep order on the train. On his person was found a pistol, a pair of handcuffs and a box of cartridges.

It seems that soon after arriving here James became very much intoxicated. He took a walk out on Campbell street and in his ramble he ran across Murphy, who resides here, and called the negro to him. James, it is said, told the negro that he wanted to see him and remarked that he had heard of him before. As the negro approached, the "deputy sheriff from Pembroke" drew his pistol and flashed it in his fact. Murphy was naturally very much alarmed for he did not know at what moment the trigger would be pulled and began pleading with James. He explained to James that he was not the man he wanted. Finally James placed the pistol back in his pocket, but he did not let it remain there long, in fact, he pulled it out again before Murphy had time to escape. When Policeman Frank George arrived upon the scene James had the negro held at bay with his revolver.

The officer placed James under arrest. The Pembroke officer didn't like the idea of being arrested and made some threatening remarks to Policeman George, but they counted for naught.

Unable to give bond for his appearance in court today, James spent the night at the city hall, being given a berth in the calaboose.

Sam Glover, colored, convicted of murder in the first degree at the special term of Superior Court held here in June, Judge Peebles, presiding, and sentenced to be hanged Thursday, August 20, will not be hanged on that date, Governor R. B. Glenn having granted a respite until September 17 in order that he may have time to look into the case more thoroughly. The telegram announcing the action of the Governor was received at the sheriff's office yesterday afternoon.

Wilson, N. C., Aug. 17.—The gladiator teams—the Sailors and the Tobacconists—played this afternoon. Without doubt it was the most interesting game of the season. From first to last it was fast and furious and the work done by both teams was marvelous. The Sailors scored in the third and seventh innings and for a while it looked very much like the Tobacconists would get a drubbing. In the seventh, however, the locals took on new life. From the seventh to the twelfth it was nip and tuck until Wilson went to the bat in the twelfth. Here Miller swatted a three bagger and rested there until "Sunny Jim Turner" struck to centre. China grove made a dash and crossed the home plate, thus winning the game. Then the cheers that went up from the grand stand was deafening. The crowd dispersed cheering "China-Grove" and "Sunny Jim."

DR. E. C. M'EACHERN DEAD

Prominent Young Man, Native of Wilmington, Passes Away in Asheville, Where He Went For Treatment—Interment.

The announcement of the death of Dr. Edward Clemmons McEachern, which occurred in Asheville at 3 o'clock yesterday morning, was received with genuine sorrow by his many Wilmington friends. His death came very unexpected to a large number who had not been in close touch with him during the past few months, but those who received daily tidings from his bedside knew that the end was near.

The remains will be brought here today and the funeral services will be held from the First Baptist church. The interment will be in Bellevue cemetery.

Dr. McEachern was born in Wilmington June 11, 1880. He was in the very prime of life and the future held out bright promises for him in his chosen profession. His many noble qualities endeared him to all with whom he came in contact and he was a general favorite, not only in his home city, but everywhere he was known.

He attended the University of North Carolina and later went to the University of Maryland, where he graduated in medicine in 1901. He began his practice at Randleman, Randolph county, and later moved to Rockingham. He had a large and rapidly growing practice and enjoyed the confidence and esteem of all who knew him. He was attacked by the dread disease, tuberculosis, and declined very rapidly. Every remedy known to the medical science was resorted to in the hope of restoring him to his health and loved ones, but to no avail. The disease had marked him for its own.

He was brought to Wrightsville Beach last week in the hope that the change might prove beneficial, but upon the advice of physicians he was taken to Asheville for treatment.

The deceased is survived by his wife, formerly Miss Leilla Pickart ,of Chapel Hill, a little daughter and five brothers, Mr. J. D. McEachern of Jacksonville, Fla., and Messrs. D., N. M., A. O. and W. H. H. McEachern, of Wilmington, all of whom have the tenderest sympathy of hundreds of friends in their bereavement.

The purpose of the formation of the association is to bring the commissioners of the State in closer relation. The idea of organizing was suggested and urged by Mr. C. E. Foy, chairman of the Board of Commissioners of Craven county.

Mr. B. M. Jones acted as best man and Miss Mary C. Applewhite was the maid of honor. The ceremony was witnessed by only a few friends and relatives of the contracting parties.

AFFAIRS IN RALEIGH

Governor Glenn Returns After Visit to Virginia, Where He Made Two Addresses.

NEWS OF STATE CAPITAL

Veterans to Winston-Salem to Attend the State Reunion—New Charter Granted—Other News Notes From Raleigh.

(Special Star Correspondence.)

Raleigh, N. C., Aug. 17.—Governor Glenn returned Saturday night from his visit to northern Virginia, where he made two Chautauqua addresses. He says he had great audiences both times and was delighted at the reception given him. He declared he was never treated better in his whole life. Directly upon his return he was informed of the death of Judge Fred Moore of the 15th district and immediately, without any letters or petitions, telegraphed Locke Craig, tendering him this position. Mr. Craig declined. The Governor had felt confident that he would accept. The Governor said today that four or five applications had been filed for the position and that these would be considered and the appointment made before the end of the week.

The Republicans are full of talk about their plans in this county and what they intend to do in this county and in the State and say they regard the speech before their convention Saturday by State Chairman Adams as the keynote of the campaign. They declare, following his lead, that they intend to be very aggressive.

Very seasonable rains have fallen and everything makes for a good crop. James H. Pou, who has been at his farm in Johnston county, says that beyond question the crops there are the very best he ever saw in his life.

Some of the farmers in the Wake Forest section of this county, who were here today, said that while the cotton was very heavily fruited, they thought the bolls were rather small. All agreed that there would be a big crop in this section with ordinary conditions from now to the end of the season.

United States Marshal Dockery has gone to Beaufort to complete the condemnation proceedings of the right-of-way for the inland waterway between that point and Neuse river. He expects to finish the work this week. With him will be Capt. Brown, of the Army, and the three commissioners appointed by Judge Purnell.

While Superintendent Rowland of the county home was in the porch at Rogers store, four miles north of Raleigh and near the home, lightning struck a telephone wire and went into the building a little above his head. He was almost knocked down, and his right cheek was somewhat burned. The shock almost numbed one of his arms. He was talking to two men and one of these was shocked also.

The Winston Mill Supply Company gets a charter. It is located at Winston-Salem and is to make saw mills and to furnish all kinds of general mill supplies, the capital stock being $30,000, and L. A. Vaughan and others being the stockholders.

A number of Confederate veterans from the eastern section were here today on their way to the reunion at Winston-Salem. It is very significant that most of them remarked that this will be the last big reunion. They are very much gratified at the preparations Winston-Salem has made for their pleasure and comfort.

The veteran drum corps goes from here to the Reunion and so do several of the inmates of the Soldiers' Home.

In the course of a trip over the Raleigh & Southport Railway yesterday it was observed that all the lumber plants showed that they had been at work and that this industry is looking up. A brick plant on that line is also in operation. Only one of the Raleigh brick plants is working, the others having shut down for lack of orders. The Goldsboro plant, the largest in the State, is soliciting orders here. Some of the plants are over-stocked, that at the penitentiary, for example.

It is observed that the apple crop in this section is larger than usual, but the peach crop, both early and late has not been up to the mark. The grape crop is poor, except the scuppernong, which, of course, never fails. There used to be, 20 years ago, 300 acres in grapes around Raleigh, but now there is only one grower, who has perhaps a quarter of an acre. It is claimed that the black rot injures the grape in this section because there is too much clay in the land, but State Horticulturist Hutt does not take this view at all and says fine grapes can be grown if proper care is taken, particularly if they are sprayed.

Today the campaign began to raise $2,500 for the equipment of the Raleigh High School, this including $900 for seats, the remainder being for all sorts of other expenses. A citizen's committee met, organized, and took this matter in charge to canvass the entire city, asking for money. The failure of the people of Raleigh to vote the special tax for their schools was certainly a very hard blow and one entirely unexpected.

REPUBLICAN PROSPERITY.

The Republican party claims all the credit through its management of governmental affairs, for the "wonderful prosperity" which, it claims, is now existing over the entire country and in every class of business.

Of course, no one believes that anything the Republicans have done or that any other political party could do could rightly be credited with the fact that the farmers of the country have had a most successful year with crops; that the soil has yielded bountiful returns for the seeds sown and the labor of cultivation. The farmer this year, whose sole dependence for profitable returns rests on nature and a benogn Providence, has been the most successful of all classes of our people who either labor with hand or head. He cannot be made to attribute his successful year to the management of National affairs by the Republican party.

Then take the wage-earner, the man who, for his prosperity depends on steady employment in mill, factory, mine, workshop, etc. What does he think about the "great prosperity" the Republican party has brought to him—especially those thousands who have been out of work for months because of the closing down of industrial works, through inability, under present conditions of trade, to make gross receipts equal current expenses? There are thousands upon thousands of this class of citizens—hardworking, honest men, who spend day after day seeking employment, but can fine none because so many mills and factories are shut down.

Then there is the more fortunate class of wage earners whose members have not been thrown out of work by industrial conditions, but hosts of whom, through their Union rules, have to contribute to the support of their less fortunate brethren. Many of this class see little less prosperity in the country than do those of the other, for their wages and earning capacity are reduced by the drain on them in aid of those who are out of work.

Then there is that class of men who have invested their property in railroads and other corporations, who are dependent on the dividends and profits from such investments to meet the cost of living. They have seen under the Republican National rule, their investments shrinking day by day, their fortunes dwindling away and their means of support steadily growing less. These men can hardly be impressed with the truth of the statement that the Republican party has brought great prosperity to all classes of our citizens.

These classes we have enumerated and others have been for some time groaning under the effects of the depression in business of all kinds, and they cannot be expected to rejoice at present Republican rule or to be willing to aid in fastening it on the people for four years longer from March 4th next, in order that the only ones who profit by it—the multi-millionaire monopolists and the beneficiaries of the high tariff, the supporters of the Republican party, may continue to grow richer and richer at the expense of all the other classes.

This is the kind of prosperity the Republicans have given the people. Do they want it to continue?

AS A TRAVELING MAN SEES IT.

"If you have it down that Mr. Taft will have a walk-over in November, erase it. Bryan will come nearer the presidency than he did in 1896 or 1900 and you need not be greatly surprised if he is elected."

Thus does the Charlotte Observer of Sunday quote a conservative traveling man from Indiana as saying to a representative of that paper. He is not only a conservative man, says the Observer, but one of the best known and most intelligent traveling men who visit that section of the State. Further said this wide-awake traveling man to the Observer reporter:

"Take my State of Indiana, the result in Indiana in any election is dependent upon what Indianapolis does, and you can't reckon on Indianapolis without counting the negro vote. There are 23,000 negroes in Indianapolis, and they are not disfranchised, as they are here. Now, as you know, Foraker and his friends have knives up their sleeves for Taft and they are working the Brownsville incident for all it is worth. It is making votes for Bryan right along. Add to the negro vote, the labor vote, which can be safely counted upon since Mr. Samuel Gompers issued his recent appeal, and you have Indiana for Bryan. What applies to Indiana applies with equal force to Illinois and Kansas, where the same forces are at work and where the same elements hold the balance of power. You take a tip from me and watch rock-ribbed Republican Kansas roll up a Bryan majority this fall. I don't care a fig about it one way or the other; I wouldn't go home for the privilege of voting if I could and the only interest I take in the matter is merely that of a curious citizen who mingles with the people and has the opportunity of seeing the way the wind is blowing."

In reference to the alleged disaffection toward Bryan in the South this traveling man from the Hoosier State said:

"Don't you believe all you hear. I have been all over the South for seven years and I have heard and seen enough to know that the solid South will be as solid this time as it has always been. The point is, however, that it is the doubtful States that are stirred up this time—Brownsville, the tariff, the panic and what not, form the causes, and you can put it down now as a matter of cold logical prophecy that if Bryan doesn't win in November he'll give Mr. Taft the worst case of cold feet that a Republican nominee has had in many a year."

And the Observer says that "realizing the conservatism and intelligence of the speaker and appreciating the worth of his worldly wisdom it jots it down that all may read."

"WILMINGTON AS A PORT."

There are many people in our State who do not realize the magnitude of the shipping business done through the port of Wilmington or its importance to this whole section of the country. There are people right in our own city who are ignorant on this subject. Our immense volume of exports are not drawn from this part of the State alone or even from our own State. South Carolina, Georgia, Alabama and probably other States help to swell the volume of Wilmington's foreign trade.

In a recent editorial in the Charlotte Observer the facts are put in such a way, by making comparison with other Southern ports, as to give a clear idea of the importance of this port and the amount of business of this kind done here. That paper says, taking its figures from a government report, which, of course, is unbiased and without prejudice:

"The statement, taken from a recent Government report, that Wilmington's exports for the fiscal year 1908 aggregated $30,291,681 will surprise many North Carolina people. This aggregate, of which all but $400,000 represents cotton, is twelve times Charleston's, not far from four times Newport News', about two and a half times Norfolk-Portsmouth's and also Brunswick's, and half of Savannah's. Gulf ports so important as Pensacola and Mobile are far behind. Moreover, Wilmington's continued port growth is reflected in the fact that it leads almost every other important port with an increase of 60 per cent. over last year. Considering that they operate under some disadvantages, this showing does immense credit to the energy of Wilmington's exporters. Granted, through a congressional appropriation for a deeper water, such port facilities as Charleston contentedly leaves almost unused, they will work more wonders yet."

This is what Wilmington is doing with a less than twenty-four foot channel. What her shipping business will be when she gets her thirty-foot channel, which she will have in just a few years, no one now can pretend to calculate.

REMARKABLE DEFENSE IN EMBEZZLEMENT CASE.

A most remarkable defense was put in to an indictment for embezzlement in New Orleans not long ago by a defendant in a prosecution by the Postal Telegraph Company. It was in the way of a "confession and avoidance" if there is or ever was such a plea in a criminal case. The alleged embezzlement, which was virtually admitted, was declared to have occurred if it took place at all, during the recent telegraph operators' stike and it was claimed by counsel for the defendant that while the company's service was crippled by the strike it continued to receive prepaid messages which it pretended to send by wire, but was not able to do so because of the strike and sent them by mail and that, therefore, the money received for sending such messages by the company was fraudulently received by it and, consequently, did not lawfully belong to it and any agent of the company who pocketed such money could not be charged with embezzlement. Unfortunately for the defendant the court did not take this view of the law in the case.

Our congratulations to the Chatham Record and its editor-proprietor, Major H. A. London, that typical son of the Old North State and ex-Confederate soldier. The paper with its last issue celebrated its thirtieth birthday, an exceptionally long time for a paper in this or any other part of the country to exist under one ownership and one editorship. May both live to see the paper's age increased to many more years and increase in prosperity as it grows in years.

The Pros and Antis in the Democratic party of Texas have made a trade whereby a plank is put in the platform to submit the question of State Prohibition to a vote of the people and an Anti-Prohibitionist who is a supporter of Senator Bailey is put on the State Central committee. The Texas Pros. evidently consider it a political rather than a moral issue or they would not be making political bargains about it.

It is said some of the men indicted for running blind-tigers in Durham prefer to plead guilty to standing trial and have the courts expose the manner in which they do the business. Isn't that a fine state of affairs? The courts should not allow such proceedings.

CURRENT COMMENT.

—The Springfield, Ill., incident of last night and today proves once more that the safest place for the law-abiding, self-respecting negro is in the South. The inoffensive and vicious negro shared the same fate at the hands of the Springfield mob, something that would hardly be permitted even by a mob in the South.—Salisbury Post.

—Mr. Gompers and the executive committee of the American Federation of Labor, have issued a call to the laboring men of the country to vote the Democratic ticket, since the Republicans have given them only specious promises and the Democrats specific and definite assurances of their good faith. We believe that labor holds the balance of power, and if any considerable number of them vote the Democratic ticket the election of Mr. Bryan is assured.—Wilson Times.

—Close upon an exceedingly narrow escape from drowning at Lincoln, Neb., Eugene W. Chafin, Prohibition candidate for President, was hit on the head with a brick and severely injured in the race riot at Springfield, Ill. He will probably get himself blown up next. A candidate possessed of such genius along this line must cause his party no little uneasiness. Special restraint upon his activities may well appear necessary if any remains are to be left of him by election day.—Charlotte Observer.

—We like that Atlanta spirit which manifested itself in turning down a donation of $1,000 from John D. Rockefeller for the Joel Chandler Harris monument. The Atlantians refused the donation not because it was tainted money, but because it was given conditioned upon $50,000 in all being secured for the monument fund. Atlanta wants no promise of any large sum, the availability of it so conditioned, to spur the people to give to the fund, but regard it as a privilege extended to those who loved Uncle Remus, to contribute to the cause, and if the oil king had truly appreciated him and made his gift without any such condition, it would have been gladly accepted.—Raleigh Times.

—The reception throughout the country of the address of acceptance of the Democratic nomination for the Presidency by Mr. Bryan, is one that is wholly gratifying to the Democracy, which each day finds that its nominee is growing stronger and stronger in the confidence of the people. That the trend of sentiment of the independent and thinking Republican vote is towards Mr. Bryan is certain and in papers of the independent class and those hostile to Mr. Bryan in 1896 and 1900 who are supporting him now there is warm praise given his speech of acceptance, some of them going so far as to say that there can be presented to the people no more convincing campaign literature than the speech he made at Lincoln.—News and Observer.

—The active work in collecting campaign subscriptions for the National Democracy in North Carolina will begin this week and every Democrat in North Carolina should aid as he is best able. Democrats, determined, aggressive, and with the presage of victory before them will contribute to the Bryan-Kern fund. Money raised in North Carolina will be used in disseminating Democratic doctrine in the States in which the fight is being made to swing these to Bryan. It takes money to fight a National campaign, to spread literature, to raise banners, to hire halls and bands of music, to transport speakers, to pay postage and to meet the many expenses of a campaign and in this fight the people are called on to furnish the money. Democracy appeals to them, as it stands in opposition to the special privileges class. The size of the subscription, $1.00, or $5.00, or $10.00, or $25.00, or $50.00, or $100.00, any sum will be welcome and each amount will help.—News and Observer.

—What was the offense for which President Roosevelt rebuked one Frank H. Hitchcock? While drawing a salary from the people of this country as assistant postmaster general, Hitchcock traveled through the South to organize government employes into a close corporation for political effect. Since the law forbade this, there should have been no question of whether this zeal was exerted for Cortelyou or another, and the official deserved more than the rebuke for his contemptuous violation of a statute the President had sworn to enforce. But when Mr. Taft returned from his globe-trotting expedition he called on Hitchcock, who promptly turned over his organization to Taft and was forgiven by Roosevelt—Hitchcock is now chairman of the Republican National Committee and proposes to elect Taft. In case he is successful precedent will demand "recognition" for him—possibly in the shape of a Cabinet appointment, where he may prove another Cortelyou.—Florida Times-Union.

"I know, too, why you are calling here night after night, appropriating my time to yourself and keeping other nice young men away. You want me to marry you, don't you?" "I—I do!" gasped the young man. "I thought so. Very well, I will."—Tribune.

ANCESTRAL APPETITES.

Table Feats of Some Famous Feeders of Bygone Days.

A generation holding critical views on a man's intelligent, or unwise, choice of parents is not likely to indulge in ancestor worship. But there are at least one or two things in which our ancestors were truly greater than we of the present day can ever aspire to be. Take them, for instance, at table. If ancient books on table etiquette are to be taken seriously, and there is no reason why they should not be, the ancestor was in the habit of gnawing bones a la chien and of disposing of them by the simple means of throwing them under the table or over his shoulder. He worked hard with his hands in the dishes, when a succulent but slippery morsel refused to come to him by means of knife and fork. He used his table napkin for unspeakable purposes and his fork in utter forgetfulness as comb or toothbrush. In one sense, therefore, he did not know how to eat. Meanwhile, in another, he was truly great for the quantities of food which he caused to disappear at a single meal were nothing short of marvelous.

The records preserved of the ancestor's feats of the fork (and the finger) are woefully thin, but now and again one of these very human documents in the form of a menu is unearthed and tells its own story. Such is the following list of dishes served in 1334 to a worthy citizen of Valencia on the occasion of his taking unto himself a wife. Across the space of close upon the six centuries the cranes and lampreys, the peacocks and boar's head of the feast made fine display. This is the order in which the fourteenth century wedding breakfast was served:

MENU.

Roast crane, venison, lamprey.
Peacock, pheasant, guinea fowl, osprey, snipe, pike.
Baked pomegranates, burnt almonds, vegetables, fish.
Eel pie and toast.
Galantine of sprats and cheese cakes.
Peacock, crane, pheasant.
Crayfish, boar's head and savouries.
Figs, medlars and wafers.
Wines.
Saint Jangon, Branne, Burgundy and Hock.

The Italians also were famous feeders and seem to have distinguished themselves in particular during the early days of the renaissance. The Bourbons valiantly followed suit, one of the most distinguished successes being scored by Louis XIV., of whom an eyewitness wrote: "I often saw him eat four plates of soup, a whole pheasant, a guinea fowl, a large dish of salad, several slices of mutton with garlic sauce, two large slices of ham, a dish of cake and dessert." The threats of his physicians finally reduced his majesty to such meager fare as two plates of pigeon broth and three roast fowls. According to Arenberg, the great king was later in life subject to attacks of indigestion.

The little suppers in the reign of the next Louis, though on a slightly less gigantic scale, are still sufficiently impressive. The Marquise d'Artenay, for instance, put before her guests after they came from the theater and before they went on to a dance this collation:

Pigeon soup, with lentils and carrots.
Chicken broth.
Patties of fowl, veal, capon, pheasants, guinea fowl.
Sweetbread and roast poulets.
Baked starlings, wood pigeons, wild duck and snipe.
Cakes. Sweets. Fruit.

It seems a pity no record is preserved of what happened at the dance following this supper party.

A Big Fan.

A good deal of royal significance has been given to fans. They were symbols of authority in Mexico before the conquest. Queen Mary of England received on New Year's day in 1556 "7 fannes to keep the hete of the fyre." Queen Elizabeth favored the custom that a fan was the only present a sovereign could receive from a subject. Fans have not always been dainty trifles. Jean de Balzac, a French writer of the seventeenth century, wrote from Italy during the reign of Louis XIV. of the enormous fans in use there suspended from the ceiling and worked by four servants. He says, "I have a fan that makes wind enough in my chamber to wreck a ship."

The Stone Was Not Thrown.

Genevieve's father occupied the pulpit. "Let him who is without sin among you be first to cast a stone," he chose for a text. Genevieve listened earnestly to the ensuing discourse. At the close of the service her mother tried in vain to dislodge her from the ministerial pew. Genevieve stood her ground till the rest of the congregation had passed out, then she looked up with a sigh of relief. "Well," she said, "I guess they've all sinned. Anyhow, nobody threw it."—New York Globe.

A Thorough Optimist.

"Father," said the small boy, "what is an optimist?"

"An optimist, my son, is a man who believes the weather bureau when its predictions are favorable and who congratulates himself on its unreliability when they are not."—Washington Star.

Its Hours.

"This watch will last a lifetime," remarked the jeweler as he handed the watch to the customer.

"Nonsense!" retorted the other. "Can't I see for myself that its hours are numbered?"

Not Inherited.

MADE EMPHATIC DENIAL.

Bryan Has Not "Sold Out" to Pennsylvania Democrats.

(By Wire to the Morning Star.)

Lincoln, Neb., Aug. 17.—The most important happening at Fairview today was emphatic denial given by William J. Bryan to a story, printed in Pittsburg, saying that he had "sold out" to the Kern faction of the Pennsylvania Democratic party in order to accomplish the defeat of Colonel Jas. M. Guffey for National committeeman. The price alleged to figure in the transaction was $200,000 as a campaign contribution. The charge is said to have been made that Mr. Bryan "made good" but that Mr. Kerr and his supporters had not come forward with the money. Mr. Bryan declared that he had never heard of the offer and he suggested that the proper persons to consult were the members of the committee on credentials, which directed the Pennsylvania contest.

Mr. Bryan would not permit himself to be drawn into a further discussion with James W. VanCleave, president of the Manufacturers' Association, who came out in the press today with additional reasons why the business men of the country should not support the Democratic National ticket. The decision was based on the fact that Mr. VanCleave had failed to defend his former contentions, but instead had shifted the discussion to other questions.

IN THE MAYOR'S COURT.

Long and Interesting Session Yesterday—Several Go to Roads.

The Mayor's court yesterday was rather lengthy and interesting, there being a number of cases on the docket for trial. It has been some time since the mayor has had so many cases to consider at one sitting. As the result the county roads and county farm forces have been considerably increased.

John Clark, Jim Stewart, Lillie Smith, Carrie Stewart, and Sis Baldwin, all colored, were arraigned on the charge of robbing Allen Rogers a white man who came here Saturday on the Steadman and Roseboro excursion, of between $65 and $75. The alleged theft occurred on Water street and the victim was in an intoxicated condition. According to the evidence the money was taken from Rogers' pocket by Sis Baldwin and she was held for the next term of criminal court, her bond being fixed at $100, in default of which she went to jail. The other defendants were released, there being no evidence against them.

Sam Patrick, colored, got a sentence of 30 days on the roads for disorderly conduct.

Mabell Moseley, colored, charged with vagrancy, was found guilty and sentenced to 30 days on the county farm.

Preston Norris, a white man, was tried on two charges, one for drunkenness and disorderly conduct and the other for resisting an officer, Policeman Smith, who arrested him Saturday night. In the first case he was fined $5 and taxed with the costs and in the latter he was bound over to the Superior Court, the bond being fixed at $50.

Simon Davis, colored, was given 30 days on the county farm for disorderly conduct, the judgment to be suspended upon good behavior.

Wailey Boar, colored, for drunkenness, was given 30 days on the county farm.

Otis Outlaw, J. A. Freeman, E. Coleman, all colored, were tried for gambling. Probable cause being found they were held to the next term of Superior Court, their bonds being fixed at $25 each.

Maggie Willie, colored, for drunkenness and disorderly conduct, was sent to the county farm for 60 days.

ASK YOUR NEIGHBOR.

Hundreds of Wilmington Citizens Can Tell You All About It.

Home endorsement, the public expression of Wilmington people, should be evidence beyond dispute for every Wilmington reader. Surely the experience of friends and neighbors, cheerfully given by them, will carry more weight than the utterances of strangers residing in faraway places. Read the following:

Mrs. M. E. Bordeaux, 510 South Second street, Wilmington, N. C., says: "I can recommend Doan's Kidney Pills as I used them with good results. I had dull pains through my back and loins and some days they were so severe that I could hardly get about to do my housework. Added to this was a too frequent action of the kidney secretions which caused me a great deal of annoyance. The contents of one box of Doan's Kidney Pills, procured from Robert R. Bellamy's drug store stopped the backache and also disposed of the kidney weakness. My husband also used Doan's Kidney Pills for a lameness in his back and they relieved him at once."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name — Doan's and take no other.

A Grand Family Medicine.

"It gives me pleasure to speak a good word for Electric Bitters," writes Mr. Frank Conlan of No. 436 Houston St., New York. "It's a grand family medicine for dyspepsia and liver complications; while for lame back and weak kidneys it cannot be too highly recommended." Electric Bitters regulate the digestive functions, purify the blood, and impart renewed vigor and vitality to the weak and debilitated of both sexes. Sold under guarantee at R. R. Bellamy's drug store. 50c.

Overcome by the intense heat after addressing an audience of 4,000 persons at the Winona Lake Bible Conference, at Warsaw, Ind., Miss Eva Booth, commander of the Salvation Army in the United States fainted just after leaving the auditorium and is now under the care of physicians.

Thinks It Saved His Life.

Lester M. Nelson, of Naples, Maine, says in a recent letter: "I have used Dr. King's New Discovery many years, for coughs and colds, and I think it saved my life. I have found it a reliable remedy for throat and lung complaints, and would no more be without a bottle than I would be without food." For nearly forty years New Discovery has stood at the head of throat and lung remedies. As a preventive of pneumonia, and healer of weak lungs it has no equal. Sold under guarantee at R. R. Bellamy's drug store. 50c and $1.00. Trial bottle free.

CALL FOR CAMPAIGN FUNDS

Editors of All Democratic and Independent Papers Appealed to to Raise Much Needed Money for Campaign—Committee.

(By Wire to the Morning Star.)

Chicago, Aug. 17.—Editors of every Democratic and Independent newspaper throughout the United States will be appealed to by the National Democratic Committee to start subscriptions for the Democratic National campaign in their newspapers. This plan, which was made known today by Colonel Moses C. Wetmore, chairman of the finance committee, is distinct from the effort already inaugurated by the National committee to obtain money through financial representatives under the direction of the National committee in each of the States of the country. Col. Wetmore said:

"We are going to get the money to run this campaign; make no mistake about that. The Republicans know where to get theirs, no matter what contributions they may have to turn back to comply with the law. Every source that we can find will be tapped and the reusits of our efforts so far are fairly encouraging. The finance committee started today to send appeals to editors of all Democratic and independent newspapers to start subscription lists and to every contributor the National committee will send an acknowledgement as a souvenir of the campaign. The appeal is signed by Chairman Mack, Governor Haskell, treasurer of the committee, and myself."

Senator Thomas F. Gore, of Oklahoma, sent word to the National committee today that he would give one-half of the receipts of a coming series of lectures that he had been engaged for, to the campaign fund.

Committeeman G. B. Tucker, of Arkansas, was a caller at headquarters today.

ENGINEERS WON YESTERDAY

A Number of Important Matches Were Postponed Until Today.

(By Wire to The Morning Star.)

Camp Perry, Ohio., Aug. 17.—Three important matches were on today's programme of the National Rifle Association's tournament. They were the championship regimental skirmish, the Wimbledon Cup shoot and the regimental team match. Though rain and delays in arranging targets, the skirmish was delayed and the team match only partly finished the Wimbledon cup shoot put over until tomorrow.

In the skirmish between Forty teams of six men each the regulars took the first three places, the honors going to the corps of engineers with a score of 440. The marine corps was second with 403 and the naval academy third with 398.

The two cavalry teams shot for practice and made scores of 426 and 391, which would have given the cavalry second and fifth places.

The second Washington which was first last year, finished fifteenth today. This event must be won three years in succession before the cup can be held.

The scores in the regimental team matches not compiled tonight by the officials and the standings are unknown.

The Georgia and North Carolina teams arrived today.

RACE WAR EMMINENT

Between Negroes and Whites in Tennessee Coal Mines Regions.

(By Wire to The Morning Star.)

Knoxville, Tenn., Aug. 17.—As a result of the determination of the King's Mountain Coal Company to work negroes in the same mines with white men, a race war is imminent in the mining region adjacent to Jellico, Tenn.

Tonight seventy negroes, heavily armed, are barricaded in a commissary, which is surrounded by between 350 and 400 white men, and an attack is expected at any moment. Sheriff Huddleston of Campbell county, reached the scene tonight and he is summoning every available citizen to protect the negroes.

The trouble which has been brewing for several months, broke out Saturday when 150 miners went to the Kings Mountain mine and drove twelve negro families from there. They marched the negroes all day Saturday, allowing the women and children to camp and eat what food they carried with them but forced the men to keep moving. General Manager John Garman of the Astras mine and county officers are doing everything in their power to avert trouble.

CLUE TO TRUNK MYSTERY

Note Found in Pockets Will Probably Reveal Secret.

(By Wire to the Morning Star)

Camden, N. J., Aug. 17.—After a day of careful investigation the authorities have concluded that there is some small possibility of solving the mystery surrounding the identity and death of the man whose body was found in an old trunk in a ravine near Mount Ephraim, near there yesterday. It was at first reported that the coroner had found that death was caused by a bullet wound in the breast, but a careful examination of the body made today by Dr. W. C. Jones, the coroner's physician failed to show any cause of death. It was found that no bones were broken and the man had been shot, and apparently he had not been strangled. The most important thing discovered by the authorities was a note or memorandum in one of the trousers pockets of the unknown. This being carefully dried and an effort will be made to read it under a magnifying glass tomorrow.

CARDINAL GIBBONS TALKS

Pleased With His Reception at the Vatican—More American Cardinals.

(By Wire to The Morning Star.)

Milan, Aug. 17.—Cardinal Gibbons and his party arrived here today from Rome and after a short stay left for Switzerland.

Cardinal Gibbons expressed deep satisfaction over his visit to Rome, saying that it was most delightful in every particular. He received every attention while there and found the Pope especially interested in America, grasping with wonderful acumen the inner spirit and breadth of the adherents of the church in America.

The cardinal, when questioned, made no objections to speaking of the probable appointment of another American cardinal, remarking that he would be most pleased if not only one, but more American prelates should be raised to the purple to share with him the responsibilities and burders of his position. He added, however, that the Pope was the sold arbiter in the creation of Cardinals.

E. R. Thomas who is in the Monmouth Memorial hospital at Long Branch, N. J., with a dislocated knee received in Friday's automobile accident was served yesterday with a warrant issued in behalf of the city charging him with reckless driving. The accused furnished cash bail for his appearance.

EXPLOSION KILLED TWO.

Fatal Affair Occurred in Caldwell County Yesterday.

(By Wire to The Morning Star.)

Charlotte, N. C., Aug. 17.—Two men lost their lives and two others were fatally injured by the explosion of the boiler at William Reid's saw mill, near Draco, Caldwell county, today, all were white. The dead are Henry Gilbert aged 50, and Fred Jackson aged 21. The fatally injured are, William Reid, owner of the mill and Hugh Reid, his son.

The dead and injured were working at the mill when the explosion occurred. It is said that Gilbert, who was engineer of the plant, had tied the safety valve down and high pressure on the boiler caused the explosion. The boiler was thrown 50 yards and the plant was wrecked. Gilbert and Jackson were horribly mangled.

Reid and his son, in addition to receiving terrible wounds from the flying wreckage, were badly scalded. Reid is a well-to-da citizen and lives 16 miles from Taylorville, on the Southern Railroad.

The National Prohibition party's campaign in the East was opened in Lynn, Mass., last night by Professor Aaron S. Watkins, of Ada, Ohio, formerly Prohibition candidate for Governor of Ohio. Professor Watkins criticised Professor Hugo Munsterberg, of Harvard University, because of the latter's position in favor of a moderate use of liquor. Mr. Watkins declared that Harvard University would be a disgrace to education if it did not put its foot down upon Professor Munsterberg.

For the Traveler

a "companion bottle" is almost essential. Traveling is fatiguing work and an occasional "nip" is often appreciated. But you want to carry the best and purest of liquors, the kind that does no injury to the system and leaves no bad after-effects. That is the kind we keep—the best grade of Liquors distilled. Our Wines are equally pure and superior in grade.

SPIRITS TURPENTINE

—Washington, D. C., Aug. 15.—Postmasters appointed: Alice, Montgomery county, Elizabeth R. Munn, vice S. A. Parsons, resigned; Neuse, Wake County, Emma Holden, vice M. A. Ray, resigned.

—Wilson Times: Notwithstanding a chase for miles and shot at more than 50 times the negro who shot Mr. Chas. Whichard at Robersonville, is still at large. The citizen searchers have given up the chase, but the officers believe he is hidden in a swamp near Parmale.

—Charlotte Observer: The clerk of the court and his assistants have been busy the past week docketing the criminal cases that come up for disposition at the August session of Superior Court which opens tomorrow. There will be about 300 cases awaiting trial and some of them will require several days. There are four murder cases.

—The Anglo-Saxon: The fates have decreed that Rockingham is to have another hotel. Plans are on foot by which one is to be erected near the depot. Mr. Robert McLeod, of Maxton, is the owner of the property upon which the hotel is to be built and it will be owned by him. It is to be a wooden structure and will contain some fifteen or twenty rooms.

—Murphy, Aug. 15.—Alf S. Barnard, of Asheville, arrived here yesterday to appear for the county commissioners in the mandamus suit brought by Attorneys Dillard and Bell for the board of education to compel the county commissioners to levy additional taxes. Judge Peebles heard the case today and decided in favor of the county commissioners.

—Oxford, Aug. 15.—Charles F. Crews, clerk of the court of Granville county, died this afternoon at his home in Oxford after two weeks' illness. He had an attack of ptomaine sickness several months ago from which he had not entirely recovered, and quickly succumbed when taken with typhoid fever. He was easily one of Granville's finest citizens, a Mason, an Odd Fellow, and a member of the Woodmen of the World.

—Kinston, Aug. 15.—Lenoir county held a primary election today for the Democratic candidates for county offices. The election passed off quietly. The complete returns have not been received up to this hour but enough has been learned to indicate the nomination of the following candidates: For the House, E. R. Wooten; for sheriff, J. Park Nunn; for register of deeds, J. H. Barwick; for treasurer, Jno. H. Dawson; for commissioners, Simeon Wooten, H. P. Loftin Wm. P. Gilbert, Alex. T. Dawson and Barnet Howard.

—Charlotte Observer: In Durham at 5 o'clock Sunday evening two deaf mutes were married, the contracting parties being Miss Lillian Carlyle, of Whitakers, and Mr. John Strickland, of West Durham. The marriage was a very quiet one in more ways than one. Only the immediate members of the families were present Mr. John Ray, superintendent of the school of the blind at Raleigh, acted as interpreter in carrying out the ceremony. The couple is stopping in West Durham at the home of the groom's parents.

—Spartanburg, S. C., Aug. 15.—Mrs. W. T. Anderson was stung to death today by bees at her home at Mountain view, several miles from here. Mr. and Mrs. Anderson were en route to church and had just left their home when a mule they were driving took fright and in trying to check the animal, Mr. Anderson pulled the wrong line and ran the mule into a bee hive, causing the bees to swarm out by thousands. Mrs. Anderson was badly stung and died in two hours. The mule and Mr. Anderson were also stung.

—Wilkesboro Chronicle: The Bridalveil Canning Company shipped five carloads of blackberries last week and will continue shipping right along until all their berries are shipped, which will be about 30 carloads. A carload brings about $900 to the county and 30 cars would total $27,000 brought in by this one firm on blackberries alone, not considering the other berries, peaches, apples, etc. Besides other firms are at work in Wilkes. It is safe to say that over $50,000 worth of Wilkes berries have been canned this season.

—Charlotte Observer: Messrs. Penn and Williamson, two of the Southern Railway's best known detectives will cross the water next week for two of the most notorious baggage thieves that ever operated in this section of the country. The crooks are known as Scovill and Cramer, with the aliases of "Big Duke" and "Little Duke." They are being detained by the authorities of Milan, Spain, where they were placed under arrest a short time ago. Southern Railway detectives have been wanting the two men for a long time to answer warrants sworn out in Atlanta, Richmond and other places. They will be carried to Atlanta first for a hearing.

—Fayetteville, Aug. 15.—The Republican county convention for the election of delegates to the State convention at Charlotte, August 26th, met here in the Cumberland court house at noon today. As three precincts were unrepresented, only nine delegates were named until Chairman C. C. McClellan and Secretary C. R. Wakeland were appointed delegates at large to make the required eleven. Delegates and alternates were also appointed to the Sixth District Congressional convention, which is subject to the call of the chairman. No instructions or endorsements were made. The Democratic county executive committee met here today and called the Democratic county convention for the nomination of county officers to meet here September 17th. The primaries will be held on the 11th and 12th.

FATHER AND SON.

Pathetic Tragedy of the War Between the States.

Not all the sad stories of wartime come from the battlefield. Many a heartbreak is not recorded on the list of the killed and wounded. The civil war knew no more tragic occurrence than the following incident, taken from the New York Sun: A soldier had enlisted from his home in Georgia, where his father remained undisturbed through the struggle. The young man fought through the war without a scratch, save a slight wound which left him a little deaf. This affliction he never mentioned in his letters.

After the surrender he sent his father word that he would reach home about a certain date. Travel then was uncertain, and he could not tell just when he would arrive.

His father prepared to receive him. He had brought out the best plate, which had been secreted for a long time, and with gold which had been exhumed he bought such substantials and delicacies as the southern market at that time afforded. As many of the old time neighbors as were living in the vicinity were invited to the home coming.

The young soldier arrived on the plantation the night before the earliest date he had mentioned. It was late, and the family had retired, but the dog heard the noise and began to bark. The sound roused the father, who rose and got his shotgun. The country was overrun at the time with stragglers and sneak thieves. The father, gun in hand, went to the door, saw the approaching figure and challenged it. The young man, being deaf, made no reply, but still advanced, whereupon the father raised his gun and fired. His son fell, shot through the heart.

It was a pitiful sight to see that almost crazed father carrying his lifeless son into the home which had been made ready to welcome him. The next day the guests arrived. Instead of joyously greeting the returned soldier they gazed at the still form, wrapped in the flag for which the young man had bravely fought. Every private burial ground had in it a grave made by the war, but no funeral like that ever took place in the vicinity or possibly in the whole south.

The Danes and the Raven.

Perhaps the Danes selected the raven for their standard out of feelings of gratitude, for before the invention of the mariner's compass they must have found him extremely useful. The only method of determining whether land was near was to let loose a raven. If the bird saw land he sailed away forever; if he did not, he returned to the ship.—London Chronicle.

Equally Culpable.

"I can say for myself that I never have been mean enough to get another woman's cook away from her."

"Neither have I, but I must confess that once or twice I have tried to work our cook off on some of my neighbors."

Shut Him Off.

"What are you taking for your cold?"

"Nothing."

"Nothing? But, my dear fellow"—

"Nothing, I say, not even advice. Fine day, isn't it?"—Illustrated Bits.

KNIGHT'S EXCURSION TO COLUMBIA.

Knight's excursion to Columbia on Monday, August 24th, offers an opportunity that may never present itself again to see the new, beautiful city, which, Phoenix like, sprung from the ashes in which General Sherman left it on February 16th, 1856, when with the exception of one small cottage on Main street not a building was left on that street, everything on it being burned for one and a half miles, and in a belt from a quarter to a half mile wide. Eighty-four squares containing 366 acres and 1,300 homes were destroyed. Go to the new and prosperous Columbia of today and wonder at its phenomenal rise.

Knights' excursions are patronized by the best people everywhere and you will make no mistake in going. Train leaves A. C. L. station Monday, August 24th, at 7:00 A. M. and will leave Columbia on the return Tuesday at 9:00 P. M. There will be separate cars for white and colored passengers. The round trip from this point is only $2.50. au 12-to-24.

THE COTTON MARKET.

(By Wire to The Morning Star.)

New York, Aug. 17.—After a very irregular early and middle session today the cotton market became very firm on a renewal of strong Wall street bull support and covering with the close firm at a net advance of 5 to 18 points. Sales were estimated at 175,000 bales.

The market opened firm, the feature on the call being the sensational fluctuations in August, the first sale of which was at 10.25 the second at 10.30 and the third at 10.48, or 48 points net higher. The rest of the list opened 5 to 8 points higher in sympathy with the August advance, better cables than expected and continued talk of drouth in part of Texas. Only 400 bales of August were bought on the advance and right after the call the position broke to 9.98 on sales of about 500 bales.

This affected the late months and with local bears inclined to take the aggressive as soon as the August bulge was over, the market weakened sharply with October selling off from 9.32 to 9.14 during the early afternoon or about 10 points net lower. At this level there was a renewal of active Wall street bull support and the market became very firm in the late trading with October advancing to 9.42, a new high level for the day and 42 points above the low level of last week. The close was within a point or two of the best on active months with August closing at 10.10 bid. Private advices reported rain in some sections of Texas which have complained of dry weather and crop conditions as a rule are considered very favorable.

There is talk of cotton coming here from Galveston for delivery on August contracts.

Receipts at the ports today were 17,617 bales, against 3,963 last week and 1,361 last year. For the week 40,000 bales, against 24,037 last week and 10,978 last year. Today's receipts at New Orleans were 810 bales, against 816 last year and at Houston 4,033 bales against 1,148 last year.

Spot cotton closed quiet; middling uplands 10.50; middling gulf 10.75; sales 800 bales.

DRY GOODS MARKET.

(By Wire to the Morning Star.)

New York, Aug 17.—The dry goods market was steady and more active in spots than on the last days of the week. Jobbers are doing a better trade in piece goods. There was more buying during the day on account of printers in the cotton goods division. Another large auction of silk piece goods is to take place in the near future. Yarns remained quiet.

NEW YORK STOCK MARKET.

(By Wire to the Morning Star.)

New York, Aug. 17.—Irregularity was the most conspicuous feature of today's stock market. Prices rose and fell alternately mostly within narrow ranges, although some of the more active features registered substantial gains at the opening. The trading bore evidence of bear pressure and general professionalism. Quite the most important development of the day in railway circles was the publication of the annual reports of the Harriman lines for the fiscal year. The Union Pacific system showed a net loss compared with the previous year of about $2,170,000 while the Southern Pacific railway reported a net decrease for the same period of $8,363,000. In both instances, however, the falling off was largely due to increased taxes. Both lines show material gains in net earnings for the month of June. The declaration of a $6 dividend, persumably for the quarter, though not so stated by the Standard Oil Company of New Jersey, in place of a previous disbursement of $9 was the noteworthy feature of the outside market. The vagaries of a well known market manipulator from New England caused some uneasiness in conservative quarters. Much the greater part of the day's business was done in the early session, trading becoming restricted in the afternoon while the list developed a heavy undertone. In the last half, however, under the lead of St. Paul, Smelting and Reading, the market grew strong and the closing was active at the day's best prices.

The local money market ruled steady and dull with no change in the rates for time accommodations and a very slight demand for call loans at 1 per cent. Government bonds were unchanged on call. The general bond market was easy. Total sales, par value, were $1,134,000. Total sales today 661,200 shares.

FINANCIAL MARKET.

Rock Candy Syr. vs. Thin People

Thin and delicate people would do well to remember that there is nothing more health-giving and tissue-building than PURE ROCK CANDY SYRUP. It is exceedingly wholesome and nutritious. Combined with the pure juices of various fruits, the combination is not only nutritious and wholesome, but very palatable.

Many people, and not a few in Wilmington, mix rock candy syrup with vanilla or some other favorite flavor and use it for eating with batter cakes, waffles and the like, and there is nothing more delicious, palatable and nutritious than such a combination for breakfast. Breakfast foods and such "fodder" are simply not in it with rock candy syrup.

LATEST TRAGEDY IN ARMY CIRCLES

Mystery of the Shooting of Mr. Annis by Captain Hains of the U. S. Army.

THE CAUSE OF THE SHOOTING

A Puzzle to the Authorities Because of Apparent Friendship Between Two Men and Their Wives. Matters Not Cleared Up.

(By Wire to The Morning Star.)

New York, Aug. 17.—Of far more interest than the formal arraignment in a police court today of Captain Peter C. Hains, Jr., who shot and killed William E. Annis advertising manager of a magazine, on Saturday, at the Bayside Yacht Club landing while his brother, T. Jenkins Hains, held at bay at crowd of yatchmen who sought to prevent the tragedy, was the evidence which came into the hands of District Attorney Darrin, bearing upon the motive for the shooting. It was established that Captain Hains and Mr. Annis were on such friendly terms that they went automobiling together as recently as May 29th last. It was also disclosed that there were two women in the party and the police believe the women were Mrs. Hains and Mrs. Annis. The police records prove that the men were motoring together, for a motor cycle policeman arrested the party for speeding on Ocean Parkway. The case was postponed in court several times and is still on the calendar. The party was in Mr. Annis' automobile and the police held him in $100 bail. Annis only had $20 so the police were about to lock him up when Captain Hains stepped forward and handed the prisoner four $20 gold pieces, thus obtaining his release.

The names of the two women were not taken by the police, but from the conversation that took place in the station it was generally supposed they were the wives of the two men. "I have also been told by friends of both Captain Haines and Mr. Annis that this friendship ceased after a talk which Hains had with his brother T. Jenkins Hains," said the district attorney. "I intend to have T. Jenkins Hains tried as accessory before and during the fact, as I believe he is as guilty as his brother. It was his letter to Captain Hains that made the latter hurry home from the Philippines and question his wife regarding her alleged conduct with Mr. Annis, and it was T. Jenkins Hains who prevented any one from preventing Captain Hains from shooting Mr. Annis.

Another remarkable feature of the case is the friendship which existed between Mrs. Annis and Mrs. Claudia Hains, Captain Hains' wife. Mrs. Hains called upon Mrs. Annis yesterday afternoon, it was learned today, and remained with her until nearly midnight. Mrs. Annis, who witnessed the shooting of her husband, has been prostrated since the tragedy and cannot be seen. It is said she has several letters written by Captain Hains to her husband threatening his life. District Attorney Darrien tried to secure these letters, but owing to the illness of Mrs. Annis, he was unable to obtain them.

One of these letters it was said, was received by Mr. Annis the day before he was shot. The letter warned him, it is reported, that Captain Hains would shoot him on sight and it is said that Mrs. Annis tried to dissuade her husband from going to Bayside. When she saw Captain Hains and his brother at Bayside just before the shooting she shouted a warning to her husband and begged him not to come to the landing from his yacht while Captain Hains was there. Mrs. Annis says that she does not believe Captain Hains intended to shoot her husband, but that he meant to serve him with papers in a divorce proceeding.

Mrs. Annis frequently entertained Hains was taken on automobile rides Mrs. Hains and several times Mrs. with Mrs. Annis and her husband.

Washington, Aug. 17.—No official report, thus far, has been received by the War Department of the shooting by Captain Peter C. Hains, Jr., United States army, of William E. Annis, at the Bayside Yacht Club on Long Island last Saturday afternoon. So far as is known at the Department he was not on leave at the time of the shooting, although he may have been on temporary leave given him by the post commander at Fort Hancock.

In the view of the law officers of the department, nothing can be done respecting Captain Hains by the military authorities, as he is under duress by the civil authorities of the State of New York. If he were on leave at the time of the shooting and his leave should expire while he is in prison, that fact would be the subject of an official report to the Department from the Department of the East to which he is attached; but nothing, even then, could be done by the military authorities pending whatever action the civil authorities of New York might take in the case.

It is said at the War Department that, in the event of the discharge of Captain Hains from the custody of the courts of New York, he might be arraigned before a court-martial on a charge of violating army regulations. In time of peace he could not be tried for a capital offense by the military authorities, although he might be court-martialed for manslaughter. If, in any circumstances, Captain Hains should be admitted to bail by the civil authorities, he would become subject to the military authorities and might be arrested and tried by court-martial for conduct unbecoming an officer and a gentleman or for conduct prejudical to military discipline, under the 62nd articles of war.

His status in the army will not be incepted by his incarceration.

J. S. SHERMAN WILL BE NOTIFIED TODAY

A General Holiday at Uthica, Will Mark The Notification Exercises.

REPUBLICAN VICE-PRESIDENT

Secretary Root Will be a Distinguished Visitor—Alternative Programme Arranged For Ceremonies. A Reception.

(By Wire to the Morning Star.)

Utica, N. Y., Aug. 17.—Representative James Schoolcraft Sherman at noon tomorrow will formally be notified of his nomination of the Vice Presidency at the Chicago convention last June and the final ceremonies of officially placing the Republican National ticket before the people will have been completed. The notification will be made the occasion of a general holiday and the residents of the city, irrespective of party, have been invited and are expected to take part in the tribute to a fellow townsman. Preparations for the celebration have been in progress for several weeks.

Threatening weather has caused an alternative programme to be arranged for the ceremonies of notification. With fair weather, Mr Sherman will accept the nomination tendered him from a flag draped stand in front of his home in Genese street. In the event of rain the notification will take place in the Majestic Theatre. Heavy showers today took much of the crispness out of the elaborate decorations that everywhere are in evidence.

Several members of the notification committee appointed at the convention arrived in the city today and an advance guard of visitors also was in evidence. Mr. Sherman received the committeemen during the afternoon. Tomorrow he will entertain them at luncheon in his home following the exercises and in the evening will again be their host at dinner at the Yahundasis golf club. Secretary Root who will arrive tomorrow will be one of the distinguished guests at the notification ceremonies and will make a brief address.

St. Paul, Minn., Aug. 17.—Editors from all over the United States to the number of several hundred, today met for the 23rd annual convention of the National Editorial Association. There was little business transacted at the morning session and in the afternoon the delegates made an excursion to Stillwater and the Delles of the St. Croix river. In the evening they were guests at a reception in this city.

The meeting was called to order by Henry Bransen Varner, of Lexington, N. C., president of the Association. The delegates were welcomed in behalf of the State and city by Captain Henry A. Castle.

The next president will probably be Will H. Mayes, of the Brownwood, Texas, Bulletin.

THE RACE RIOTING AT SRPINGFIELD

Danger That The Trouble of the Past Few Days is Not Yet Over.

ONE MORE VICTIM DIES

Another Expected to Die—His Friends Threaten Vengeance Against Negroes in Such Case—Police Active in Making Arrests.

(By Wire to the Morning Star.)

Springfield, Ills., Aug. 17.—One more victim was added to the death list of the Springfield mob tonight when G. W. Scott succumbed to a gun-shot wound in the lungs sustained Friday night. Scott's death brings the total fatalities to six, and is the fourth chargable to the disorder in the "Black Belt" near 120th and Madison streets. It was there that the hunted negroes made their stand, firing on the mob from windows and roofs.

Another death is expected momentarily. W. H. Bowe, chief clerk in the county treasurer's office, is slowly sinking from the effects of the bullet wounds and the beating which he suffered at the hands of negroes Friday night. Bowe's friends have warned the authorities that "B'lly will be avenged, and the event of his death will cause a doubling of vigilance by the troops.

"Wait until the troops go," are the words that have been passed around town, and recognizing the strength of the under-current, State, city and county officers are taxing every effort to turn public opinion toward law and order. To that end Governor Deneen has been in conference with officers of various civic bodies, including the Chamber of Commerce, the Springfield Bar Association and the Evangelical Ministers Association.

Evidence is not lacking that many citizens who were known to have important testimony regarding the mob and its leaders have been deterred from offering this to the State's attorney because of threats of violence made against them anonymously.

The riot could scarcely have been prevented and real disgrace will come only if the guilty are allowed to escape, is the opinion of the authorities. So the civic bodies are asked to urge all good citizens to reveal freely whatever testimony they may possess. Only sheer weight of evidence is likely to break through the local prejudice and assure convictions, according to the police.

The gathering of evidence began in earnest today. Policemen in plain clothes were sent to search the houses of prisoners and suspects, and, as a result the police station looked like a general store tonight. Groceries, hardware, clothing, dry goods and shoes were recovered in great quantities, most of them bearing the price tags of the looted business houses.

Many arrests followed. Eighty prisoners were crowded into the small cell room at the police station, with only the cement floor available for sleeping.

Five of the arrests made today are regarded as important by the police. It was in the homes of these men that most of the loot was found. A sixth person is being sought by the police, who aver that when he is arrested all of the ring leaders of the mob will be in custody.

Roy Young 22 years old, one of the prisoners taken yesterday, has confessed to starting a number of fires, the police say. A search of his rooms revealed a quantity of new overalls, shoes, boys shirts and other articles of apparel.

The absence of outbreaks last night and today has set many citizens to discussing the possibility of an early evaculation of the city by the troops. It is probable, however, that the military will remain until the special grand jury, summoned today, has completed its report and returned indictments. The force in hand will not be added to, however, the 4,200 soldiers now encamped in the public squares and streets being sufficient to cover the city so thoroughly that there is slight chance for a mob to storm any point.

The mobilization of the troops has been one of the most rapid in the history of the State militia. Ten minutes after Sheriff Warner had told Colonel R J. Shands, of the adjutant general's office, that soldiers were necessary, the Springfield companies had been ordered to arms. From then until day break this morning, when five troops of the first cavalry arrived from Chicago, militiamen having been pouring into the State Capitol from all quarters of the Commonwealth. Despite the haste of the movement, the commissary and the quartermast departments have withstood the strains on them. Some few companies were compelled to spend their first night in the streets without blankets or shelter and some others went supperless to bed after their arrival.

There was a considerable influx of refugees today from Decatur, Bloomington, Peoria and many other towns. Governor Deneen was the recipient of many inquiries from these people, asking whether it was safe to return. In each case the Governor assumed personal responsibility for the protection of the negroes, advising them, however, to time their coming so that they would arrive before nightfall.

"We want all the negroes who have fled from Springfield, or who live in nearby towns and are afraid of violence to come here," said the Governor. "This is the place in the State for them, for here we can shelder, feed and protect those who are unable to care for themselves."

Springfield, Ill., Aug. 17.—The present riots, according to old citizens, is the result of years or racial antagonism. Each year has seen an augmentation of the colored population. It is said that in the past two years a thousand negroes took up their abode in the city, giving the city a colored population of about 3,000 persons. "They were getting too bold and impudent," said a hotel keeper today. "People outside the city cannot realize just how offensive this was. The people of the State at large will discover that the outbreak of last Friday was not the result of momentary iritation, a temporary ebullition of violence superinduced by heat. The under-current of resentment growing for years needed only a pretext, and the assault on a white woman furnished that pretext. The streets are quiet now because the troops are here, but that is no assurance that the question is settled. For the most part the people would have liked to see the matter settled without the intervention of the soldiery. The fact that the trouble is costing business men thousands of dollars daily in loss of trade does not help matters. Personally I think Governor Deneen's stand for the protection of the negroes is correct, but the average working man has little sympathy with it."
